Opportunity for Talent Development Consultants:

As part of our website redesign, we are creating a consultant directory to help connect Baton Rouge area independent consultants with potential clients. The directory will be open to the public, so that any organization can quickly and easily find talented consultants.

As a member of our chapter, you may choose to be included in the directory. The directory search pulls from your ATDBR profile, so please update your profile to indicate that you are a consultant, as well as your areas of expertise.

To update your profile, log in to atdbatonrouge.org and under the login icon click "View Profile." Click on the "Edit Profile" button on the top left to open your profile. Scroll down to the "Additional Information" section and check "Consultant" and then check your areas of expertise. You can add the link to your own website as well.
